- Our **minimums** are 6 ft for custom made frames, and 12 pieces for photo frame orders.
pc. (assorted) for photo frames. It takes **between 4 and 7 weeks for delivery of your order.**
- Oversized frames** (longer than 45 inch OD) will be delivered in wooden crates and be overcharged.
- Oval/round (RO) & arched top (PRO) frames** cost around 30% more than same size rectangular frame (PF) made of similar molding. Prices below, in US dollars/ft, relate to straight molding (PF) only.
- There is no price difference between 12K (white gold) and 22K (yellow gold) finishes.
- Whenever necessary, usually once a year, we update our prices in accordance with changes occurred in our production and distribution costs.
- Hand applied finishes may vary slightly from one frame of the same style to the next.** For matching finishes and colors we require a color sample. An reasonable overcharge may be added, on a case by case base.
- Two feet corner samples & one foot arch samples** orders will be delivered within 4-8 weeks, just like any other custom size frame order. Samples are discounted 30% from their regular price. Frames orders will always prevail in front of corner/arch sample orders.
- Whenever geographic names are being used for codes, that is without other purpose than that to ease frames' identification.
- Due to traditional technologies used with hand made water gilded picture frames, such frames are susceptible to be damaged by moisture and/or water. **Wet cleaning must be avoided at all times.** If water gets onto their surface avoid touching wet surfaces and let dry naturally because it's touching and handling that ruins the wet frames' surface.
- Please inspect our product thoroughly, as soon as you received it, as you have only one week to claim any possible imperfection/s. Sometimes accidents happen. Don't accept parcels that appear to have been damaged in transit or open them in front of the person who delivered it and decide accordingly.
- The capital letter at the end of every photo frame code is indicative of the appropriate column price (above).

12. In our price list items are grouped according to their widths. Pay attention of last digits of frames' codes.

WHOLESALE PRICE LIST FOR CUSTOM MADE PICTURE FRAMES

In order to ease your searching for a price, frame moldings below have been grouped according to their profile widths. The final 2-3 digits at the end of a code describe that specific molding's width (ie: 12 means ½", 300 means 3" and 458 would translate by 4 5/8" etc)
